

MOTION BY SUPERVISOR YVONNE B. BURKE

AMENDMENT TO ITEM #7

Los Angeles County is deficient in parkland and opportunities to expand open space and recreational activities continue to wane. Consistent with the Department of Park and Recreation's priority to acquire and develop new parks, an opportunity has surfaced to partner with Golden State Water Company to enhance their Oceangate facility, located on 133rd St in unincorporated Wiseburn, as a passive community park.

The community of Wiseburn has worked with the Department of Parks and Recreation to design a park that is suitable to their needs. The Department will collaborate with the Los Angeles Conservation Corps for construction of the park. First time starts up funds are in place and ongoing operations and maintenance funding will be included in supplemental budget adjustments.

I, THEREFORE MOVE THAT THE BOARD OF SUPERVISORS:

Direct the Chief Executive Office, in coordination with the Department of Parks and Recreation, to complete the following:
